HONORABLE ASSISTANT COMMISSIONER FOR PATENTS,
WASHINGTON, D.C. 20231

Sir:

ANANT ACHYUT SETLUR, ALOK MANI SRIVASTAVA, HOLLY ANN COMANZO, VENKATESAN MANIVANNAN, WILLIAM W. BEERS, KATALIN TOTH, and LASZLO BALAZS declare that:

Anant Achyut Setlur, Alok Mani Srivastava, and Holly Ann Comanzo are originally named inventors in the invention disclosed and initially claimed in the above-identified patent application.

The invention described and claimed in the above-identified patent application was developed in part by Anant Achyut Setlur, Alok Mani Srivastava, and Holly Ann Comanzo, and in part by Venkatesan Manivannan, William W. Beers, Katalin Toth, and Laszlo Balazs while in the employ of General Electric Company. On or about September 18, 2002, after a review of the disclosures and file of the above-identified patent application, the contribution to the invention

of Venkatesan Manivannan, William W. Beers, Katalin Toth, and Laszlo Balazs was brought to the attention of Applicants' representative, Mr. Toan P. Vo, by Alok Mani Srivastava and Venkatesan Mannivannan. Mr. Toan P. Vo determined that Venkatesan Manivannan, William W. Beers, Katalin Toth, and Laszlo Balazs were inadvertently omitted, without deceptive intent, as being named as an inventor in this patent application. Immediate steps were diligently taken to correct this inadvertent error, which result in the filing of the attached papers.

We declare further that all statements made herein of our own knowledge are true and that statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
